WHO WE ARE

As the Founder and CEO of Hung Well Signs, Kevin Kane fosters a deeply-rooted passion as not only an artist who loves painting and creating signs, but an entrepreneur who believes in top-level customer service. In business for over 25 years, HWS has become a staple of Fairfield County, where Kevin was born and raised. He is thrilled to contribute to the landscape of his neighborhood – one sign at a time.

Prior to HWS, Kevin received a Bachelor's Degree in Graphic Design from Sacred Heart University. When he's not hard at work creating signs, he's at home in Darien with his wife, Mary, and twin teenaged daughters, Erin and Kelly.

WHAT WE DO

Signs & Installation

We customize and install signs of all shapes and sizes. Your customer's first impression of your business!

WHY CHOOSE HWS?

What sets HWS apart from other companies is simple: a personal, lifelong bond created with each and every client. Not only does Kevin bring a business owner's vision to life by personally creating the graphic, he is on-site for every project, both overseeing and hanging each sign. It's this hands-on, step-by-step approach that differentiates the small business experience you'll receive with HWS. Whether you need your vehicle wrapped, business branding or a large scale mural painting on your building, HWS is here to make your vision a reality.
